

Guatemalan Pila Project

The Mayan population in Guatemala is one of the poorest in the world. In our project area of Lanquin, the basic staple of life is corn. This sponsorship will provide a family with a 'Pila' that will allow them to grind their corn to make tortillas. This item is very expensive to them but highly desired. It would make their lives easier on a daily basis.

- Sponsorship of \$25 covers one Pila to be given to a needy family on our next trip in Jan. of 2010.
